"Extension of Online Summer Internship Application Deadline"-Reg.

We are pleased to announce an important update regarding the Summer Internship Program. In response to requests from students and institutions, we have extended the application deadline to May 27th, 2025, till 5:00 PM. This extension allows additional time for all interested candidates to prepare and submit their applications.

The training program, designed for professionals and students, includes Undergraduate, postgraduate and research scholars from recognized universities or institutions in India and abroad can apply for the India Space Lab (भारत अंतरिक्ष प्रयोगशाला) Summer Internship Technical Training Programme. Participants will work and learn closely with various verticals, divisions, and cells of Space and receive training in Rocketry, Drone Technology (Air Taxi), CanSat and CubeSat (Student Satellite), Remote Sensing (GIS), Space Entrepreneurship, Astronomy and in addition space webinar. Applicants must apply online by completing the registration form.

The training will start on June 15th and continue until July 31st, with the possibility of an extension to August 5th.

Registration Link : <https://isl.internship.indiaspaceweek.org/>

The exam will be held on May 30th at 2 PM, with a second shift on June 1st. Both the exam and training will be conducted **online**.

Admit Cards will be available for download from May 27th, 2025 (10:00 PM onwards). The Admit card will have your Test Date & Online Test link information details.

The exam will consist of 12th-standard mathematics and logical reasoning. There will be a total of 45 questions, each carrying two marks. A negative marking of 0.66 will be implemented for each incorrect answer. The total duration of the exam will be 90 minutes.

Please note that the total number of seats available for the Summer Internship Program is 1245. We strongly encourage all eligible candidates to take advantage of this opportunity and ensure their applications are submitted by the revised deadline.

Lateral Entry: Registration for Lateral Entry does not involve an examination process

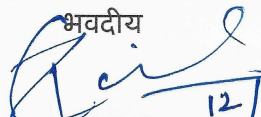

The internship training program will offer lateral entry for officials, faculty, research scholars, and students interested in technology or various projects. Participants can select the technology they wish to learn and join the ongoing sessions.
