Final Extension of Winter Internship Application Deadline

"NOTIFICATION"

All Candidates who have registered and desire to appear for the Online Winter Internship program 2024-2025 as per the last notification **ISL/IND/126/2024-25** dated 22-Nov-2024 are hereby informed that the last date of submission of online application is **extended up to 27th November 2024 till 11:55 pm**, with edit option from 23rd November to 29th November-2024.

Date: 22nd Nov-2024

Sub: "The registration deadlines for online application is **extended** and internships have been extended primarily to accommodate the needs of Students and universities facing scheduling end-semester examinations. This extension allows students additional time to complete their applications without the added pressure of overlapping academic commitments": Reg-

Public Notice:

Registration End Date: The last date for submitting online applications for the Winter Internship Program (including training session) is November 27th, 2024, till 11:59 PM.

Number of Seats: 845

Registration Link : <https://isl.internship.indiaspaceweek.org/>

Admit Card: The admit card will be available for download starting November 26th at 5 PM for those who have already registered.

Online Exam Date: 30th November at 2 pm (Shift 01), Saturday
1st December at 2 pm (Shift 02), Sunday

Result Announcement: 5th December at 5 pm

Internship Start Date: 15th December - End Date: 15th January and may extend to 18th.

Lateral Entry: The internship training program will offer lateral entry for officials, faculty, research scholars, and students interested in technology or various projects. Participants can select the technology they wish to learn and join the ongoing sessions.

Important: Individuals who join through lateral entry will not be classified as part of the internship. Instead, they will receive a certificate upon completing the training program.

Registration Link for lateral Entry : https://isl.internship.indiaspaceweek.org/lateral_entry/

Online Training Module Date: Session Date

Internship Training Module: 30 DAYS (15th December - 15th January)

I) 5 Days of Advanced Drone Technology (Air Taxi):	15th December to 19th December
II) 3 Days of CanSat and CubeSat (Student Satellite):	20th December to 22nd December
III) 3 Days of Astronomy Training (Astrophysics) Program:	23rd December to 27th December
IV) 5 Days of Space Entrepreneurship (Space Economy) :	28th December to 5th January
V) Project focused on Space, Science, Computing and Technology:	5th January to 15th January

The exam will be held on November 30th at 2 PM, with a second shift on December 1st. Both the exam and training will be conducted **online**.

The exam will consist of 12th-standard mathematics and logical reasoning. There will be a total of 35 questions, each carrying two marks. A negative marking of 0.66 will be implemented for each incorrect answer. The total duration of the exam will be 90 minutes.

Please note that the total number of seats available for the Winter Internship Program is 845. We strongly encourage all eligible candidates to take advantage of this opportunity and ensure their applications are submitted by the revised deadline.

We kindly request all institutions to disseminate this information widely among their student.

Respected Authority,

"We have addressed the concerns raised by the Institution. We are committed to providing valuable opportunities for students and faculty members while ensuring that academic activities remain uninterrupted."

We are pleased to announce that the internship training program will commence on December 15th. Participants will be permitted to join us after completing their academic year examinations. We will make necessary arrangements to facilitate their inclusion and prevent potential oversight.
